Summary

Passionate learner interested in cybersecurity and coding, eager to explore new technologies and gain real-world technical experience.

Education

Sep 2023 – May 2027 **B.Tech, Computer Science and Engineering (Cyber Security Specialization)**
Amrita School of Engineering, Amrita Vishwa Vidyapeetham, Coimbatore, Tamil Nadu
Pursuing — Current CGPA: 7.21

2023 **12th Grade**
Resonance College, Gunadala, Vijayawada, Andhra Pradesh
Score: 897/1000

2021 **10th Grade (SSC Board)**
Dr. KKR Gowtham School, Gudivada, Andhra Pradesh
Score: 598/600

Projects

Ransomware Detection Using ML Models Jan 2025 – Apr 2025
Python, NumPy, Pandas, Scikit-learn

- Built a ransomware detection system using Random Forest and SVM.
- Trained on large-scale Kaggle dataset with feature selection and PCA.
- Achieved high accuracy in detecting malicious ransomware files.
- Implemented real-time prediction with confidence scoring.

Characterizing and evaluvating adversarial examples in handwritten signature verification Aug 2024 – Nov 2024
Python, TensorFlow, Keras, OpenCV, ResNet50

- Designed CNN-based signature verification using transfer learning.
- Classified genuine and forged signatures using the CEDAR dataset.
- Improved robustness using adversarial training techniques.

Technical Skills

- **Security Tools:** Wireshark,Burp Suite, Cisco Packet Tracer
- **Programming Languages:** C++, C, Python, Java
- **Operating Systems:** Linux (Kali, Ubuntu), Windows
- **Developer Tools:** Git, VS Code
- **Web Technologies:** HTML, CSS, JavaScript
- **Security Concepts:** Network Security,Ethical Hacking

Certifications

CompTIA Security+ *(In Progress)* 2025
Ethical Hacker, Cisco 2024
Introduction to Cybersecurity, Cisco 2023

Extra-Curricular Activities

Procession Coordinator, Gokulashtami Festival 2023 – 2025
Amrita Vishwa Vidyapeetham, Coimbatore
Led coordination and inter-team communication for a large-scale festival.

Class Representative 2023 – 2024
Amrita Vishwa Vidyapeetham, Coimbatore
